Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the City of Fullerton Police Station Historic Rehabilitation & Remediation Project in fiscal year 2024.

The entity to receive funding for this project is City of Fullerton, located at 303 W. Commonwealth Ave Fullerton, CA, 92832.

The funding would be used for project will result in the remediation of hazardous materials and the restoration of Fullerton Police Station.

The project is an appropriate use of taxpayer funds because it helps local law enforcement perform job duties safer and more effectively. The building that the Police Departments currently works out of has health and safety concerns including asbestos, lead paint, and locker rooms/shower facilities that are unfit for use. The federal government should invest in one-time funding that helps cities like Fullerton provide resources the Police Department desperately needs.

The project has a Federal nexus because the funding provided is for purposes authorized by Community Development Block Grant (CDBG) 5305(a)(2)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.
Sincerely, Member of Congress

Sincerely,

Michelle Steel
